- SkyEurope

*“ MNG Airlines has been operating to and from London Luton for 10 years. We are extremely satisfied with the service quality, speed of operation and the Airport's prime location near LHR. We intend to continue operating from London Luton for many years to come”.*

Mustafa Eldep, UK Country Manager, MNG Airlines

*“ I would like to congratulate the team at London Luton Cargo. Every flight has been handled well within the times we estimated, the feedback I have received from the trucking company has also been very positive. Trucks are loaded and released quicker than the normal times we experience at Heathrow. The cargo operation at London Luton has run like clockwork since day one, in fact the whole experience has been quite refreshing”.*

Robin Bird, UK Manager, El Al Cargo
